TEACHERS' CHAMPION IN ASSEMBLY ATTACKS WILLCOX AS A CZAR

Fertig Resents Limitation on Number Allowed to Go to Albany for Pension Hearing.

Special From a Staff Correspondent of the Evening World.

ALBANY, March 20.—A large delegation of the younger teachers of the New York public schools has invaded Albany in an effort to get consideration for the Fertig bill, the opposition measure to the teachers' pension bill introduced at the instance of the City Administration.

The younger teachers urge that under the Administration bill the cost of pensions to them will be out of proportion to that incurred by the older teachers. They made their fight on a proposition to have a general committee hearing at which a large number of the younger element might appear.

The delegation insisted that President Willcox of the Board of Education had limited the number of teachers who might come to present their cause at the hearing to-day—and the attack they waged was against both Willcox for limiting the delegation and the legislators for not giving them a full chance to be heard.

Assemblyman Fertig rose last night to a question of personal privilege in an effort to get some opportunity for the youthful element.

"By oppression and suppression," he charged, "large numbers of teachers who are pleading for an opportunity to appear and be heard on my teacher's pension bill are refused permission to come to Albany to-morrow and present their case, under penalty of charges of insubordination and possible dismissal."

"The Cities Committee of the Assembly has set the hearing for to-morrow, and the pleas of those wishing to come have been denied. The President of the Board of Education of the City of New York deliberately interferes with the work of the Legislature. Russian despotism has received its death blow, but in this land of constitutional liberty the right of free speech and the right to appear before this Legislature and its duly organized committee has been wilfully denied."

"I request that the Committee on the Affairs of Cities take suitable action in order that the orderly workings of the Legislature may not be interfered with."

The protest was heard by the Assembly without comment and without action. Immediately the young teachers proceeded to make a personal canvass among the Assemblymen with a view to aiding their cause.

PEPPERMAN, BOY BURGLAR, NOW WED, MUST PAY FINE

Judge Warns He Will Send Young Man to Prison if There Are Further Lapses.

Morris Pepperman, nineteen years old, the good-looking "gentleman burglar" who shocked social circles of Ramsey, Mahwah and Suffern a year ago, when he was arrested for robbing the home of Councilman F. Z. Dater at Mahwah, was summoned from New York to-day to tell Judge Seufert in Hackensack why he had failed to make several monthly payments on his \$1,000 fine. The young man declared he had been out of work and had recently married.

W. Leon Pepperman, the boy's wealthy uncle, is Vice President of the Interborough Rapid Transit Company of New York. He interested himself to have his nephew surrender in Philadelphia, after articles stolen from Councilman Dater were recovered in a pawn shop. Pepperman's father is a United States veterinarian at Philadelphia. The young man was sent to Mahwah to study in the American Shoe Brake Foundry, his uncle hoping to establish him in the New York subway service.

Judge Seufert imposed a fine on young Pepperman with the understanding that \$50 be paid each month out of the money he earned. Judge Seufert declared to-day that if the boy were any more lapses in payments, he would send Pepperman to State prison.

SAYS PICKETS BEAT WORKER.

Firm Asks Injunction to Prevent Interference by Unions.

In an application for a permanent injunction restraining Local No. 24 of the Brotherhood of Boilermakers and other unions from picketing in front of its plant, the Morse Drydock and Repairing Company informed Justice Kelly in Brooklyn this afternoon that 200 employees were so afraid of the violence of strikers that they were sleeping in the factory building.

"One man was brutally beaten at Second Avenue and Fifty-second Street, Brooklyn, a short distance from the plant, last night."

"If it is true that unions are responsible for the beating of men while in action in which they are parties is before the court, such an act is unpardonable," Justice Kelly said.

The men are striking for an eight-hour day and increased wages.

COL. HOUSE'S SON-IN-LAW WON'T DEFEND FRITZEN

Auchincloss Excused on His Own Request and Spence Named as German's Counsel.

For reasons stated privately to Judge Van Fleet in the Federal District Court, former Assistant United States Attorney Gordon Auchincloss, a son-in-law of Col. E. M. House, was to-day relieved of the assignment to defend Capt. Alfred A. Fritzen, the German reservist soon to be tried on an indictment charging him with part in the plot to blow up the Welland Canal.

Kenneth M. Spence, another former Assistant United States Attorney, was assigned to defend Fritzen, who is without funds to engage counsel. Judge Van Fleet granted a writ of habeas corpus for Robert Davis, a convict in Sing Sing, who with George Vaux Bacon are to be the chief Government witnesses at the trial of Albert O. Sanier and Charles N. Wunenberg of the Central Powers Film Exchange, under indictment for providing the means for engaging in a "military enterprise" in England in the interest of Germany.

DOESN'T COST MUCH TO TRY IT ANYWAY

Tells how to take soreness from a corn and lift it right out.

Hospital records show that every time you cut a corn you invite lock-jaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of this on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky, but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue.

If your wife wears high heels she will be glad to know of this—Advt.
